

AS OF SEPTEMBER 22, 2025

SUSTAINABILITY

One Solution, Endless Possibilities

- From winter **salt stains** to summer **floor care**, one neutral-pH cleaner works year-round.
- Fewer chemicals = **greener cleaning**
- **Smarter training** for your team
- Perfect for **LVT flooring**

DUSTBANE
Give Meaning To Your Cleaning

SIMPLICITY

Floor Care Made Simple

- **75% labour savings** than conventional stripping methods
- **Free** from chemical exposure & odours
- **Cost-effective**, reducing the number of coats needed for a glossy finish

[LEARN MORE](#)

MADE IN CANADA

Perfect Finishes for Every Space

- **Versatile** floor finish solutions for all flooring types
- Locally manufactured to **meet Canadian VOC regulations**
- **Dependable** supply chain even during shortages
- **Canadian-made** products tailored to your needs

PRODUCTIVITY

Revolutionize Floor Maintenance

- Clean and polish floors in **one step**
- **Save** on labour and reduce the need for frequent burnishing
- Physically removes soil while **restoring shine**
- Ideal for contract cleaners aiming for **efficiency** and **quality**

ISSA Canada is the association formed in 2017 as a result of the merger of ISSA, the worldwide cleaning industry association, and the Canadian Sanitation Supply Association (CSSA).

With a goal of “changing the way the world views cleaning,” the purpose of ISSA Canada is to provide a high degree of professionalism, technical knowledge and business ethics within the membership. Representing the leading product/service providers in the industry, the association promotes a greater public awareness and understanding of sanitary maintenance principles, while contributing to improved public health and environmental awareness in Canada.

The purpose of this Membership Directory is to provide buyers of sanitary maintenance products and services with a resource to ensure they are dealing with the professional leaders of the industry.

Educate. Certify. Empower.

Inspiring Cleaning Industry Professionals

SINCE 1964

The Cleaning Industry Management Institute (CMI), the education division of ISSA, the worldwide cleaning industry association, is one of the most recognized education and certification providers in the professional cleaning industry.

Whether you're looking to take your career to the next level, enhance your educational development, or fine-tune your professional skills, your first step starts with proper educational and certification opportunities.

Reduce your overall budget through implementation for proper cleaning procedures with CMI certification programs.

The time is now to expand your industry knowledge and skill.

Congratulations

ISSA Emerging Leaders Class of 2025!

Presenting Your Canadian Finalists...

Alex Bertuzzi
The Reliable Group

Sean Lynch
UBC Facilities of Canada

Joseph Papayanatos
CBS Maintenance Ltd.

Jayesh Vekariya
joni

ISSA is proud to announce the class of Emerging Leaders for 2025! This prestigious group of 30 industry professionals represents the next generation of visionaries in the global cleaning and facility solutions industry. They have been selected from a group of more than 120 nominations of industry professionals under the age of 40 for their outstanding contributions, leadership, and commitment to driving the industry forward. This year, four of the nominees proudly hail from Canada, reflecting the country's strong presence and influence within the global industry.

ISSA Canada Members are encouraged to vote for the top Emerging Leader to receive the 2025 Rising Star Award, Honoring Jimmy Core. PLUS submit your vote **before September 30** for the 2025 Rising Star Award, Honoring Jimmy Core! The recipient of the Rising Star Award will be recognized at ISSA Show North America on November 11, highlighting their exemplary leadership and influence in the industry.

Increase the Odds of Outsourcing Success...

Choose a **CIMS-Certified** Company!

ISSA's **Cleaning Industry Management Standard (CIMS)** sets forth a business framework that is based on universally-accepted management principles that have proven to be the cornerstones of successful organizations.

A **CIMS-Certified** Contractor...

- Is engaged in building service contracting as its primary business;
- Has undergone a comprehensive CIMS assessment conducted by an accredited, independent third-party;
- Has adapted the six pillars of management excellence embodied in the Standard - Quality Systems; Service Delivery; Human Resources; Health, Safety and Environmental Stewardship; Management Commitment; Green Building & Service;
- Demonstrates a commitment to the environment and green cleaning methodologies;
- Supports ethical contracting practices; and,
- Is more efficient and proficient in cleaning procedures resulting in reduced labour costs.

Additionally, a professionally cleaned facility has an immense impact on the health and performance of both the building itself and the occupants within it. Why?

- ✓ **Healthy Building Syndrome (HBS)** has been proven to make people happier, healthier and more productive.
- ✓ Improved **Indoor Air Quality (IAQ)** increases employee morale and reduces absenteeism.
- ✓ Improved indoor environments lead to improved **employee retention**.
- ✓ **Reduced liability** from lawsuits over issues such as mould or workplace injury.
- ✓ A **positive public image** created by an improved building appearance.
- ✓ **Increased marketability** and **credibility** commanding higher rental rates.
